

Mercedes Sprinter MWB Model Medium Wheel Base Custom Moulded Tanks

Atlas Tanks now offers a set of moulded tanks specifically for the MWB model Mercedes Benz Sprinter. Please measure under the vehicle to ensure they fit correctly.

IMPORTANT: Tank One (35 litres) will not fit the 4 x 4 model due to the larger fuel tank.

How they come

There are 2 tanks for this vehicle. These tanks can be used for either freshwater or greywater depending on your plumbing arrangements.

Can they be changed

The tank shape and sizes are fixed but the plumbing fitting location and sizes will be customised to suit your particular installation.

Will they be visible

When installed correctly the tanks will all fit up above the vehicle sill and will not be seen.

Tank Construction

These tanks are moulded from food grade polyethylene. Polyethylene is very strong, highly impact resistant and will not rust or corrode.

What about Installation

Each tank has been designed to fit in one location only. The tanks would best be installed by using metal straps from the body under the tank and fixing back onto the body or chassis.

Warranty

As with all Atlas Tanks they are covered by a 5 Year Guarantee against workmanship and defect.

**Mercedes Sprinter
Tank locations**

**Tank 1 Freshwater or
Greywater**

Fits under the diff and forward
of the rear wheel.
Approximate capacity 35 litres.

**Tank 2 Greywater or
Freshwater**

Fits between chassis rail and
sill.

Approximate capacity 95 litres.

Fittings

Freshwater Tanks

Inlets, outlets, breathers and connectors will be fitted to the tanks as BSPT female threaded ports. The location of these ports will be customised to suit your installation. Mark on the drawings and return back to Atlas Tanks with the How To Order form.

We recommend the following size fittings:

Water Tank

| | |
|----------------|---------------|
| Filler: | 1" or 1 1/2 " |
| Outlet to pump | 1/2" |
| Breather | 1/2" |

Greywater Tank

We recommend the following sizes:

| | |
|-----------|----------------------------------|
| Inlets: | 1 1/2" |
| Outlet: | 1 1/2" |
| Breather: | 3/4" at least 50% of outlet size |

Tank Installation

Installation

The tanks have been designed to be installed and held in position by metal straps. Ideally the straps should be about 50 mm wide. We do not supply the straps.

How to Order

Tanks Required (please tick)

Tank 1 - 35 litre - \$255.20 inc gst

Tank 2 - 95 litre - \$318.00 inc gst

Fitting Location and Sizes
